## MEMORANDUM FOR THE CHAIRMAN, SENIOR REVIEW GROUP

Subject: Effectiveness of Projected Police Programs  
Against the VCI

In your memorandum of April 15, 1971, you requested an estimate of the VCI status and effectiveness, and the current and projected impact of programmed police and Phoenix activities against the VCI. On June 15, 1971, I sent you a memorandum containing our estimate of the VCI status and effectiveness. At that time I informed you that the assessment of the action programmed against the VCI was being prepared and would be forwarded when completed.

Attached is the final paper on this subject, which was originally prepared by the Central Intelligence Agency with inputs from other interested elements of the government represented in the Ad Hoc Group. It is being given selective distribution within the government.
